Out of space? On a tight budget?

Specializing in high end modular construction for the Southeast USA.
We work with you to put all your space needs under one roof.

No more "trailer park" look on your campus!

Customize your building interior to suit your preferences:

- Designer paint colors and site installed floor coverings
- Accent lighting on adjustable dimmers switches
- T-grid ceiling with recessed lighting and air registers
- Solid surface countertops and attractive cabinetry
- Locate electrical outlets to accommodate your furniture
