

Featured Building

BROOKWOOD CHURCH, GREENVILLE, SC

Above and Right: Brookwood Church in Greenville, SC added over 11,000 sq/ft of Admin offices.

The foreground is the Rose 80/20 Hybrid Building with their existing church building in the background.

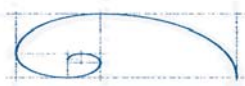

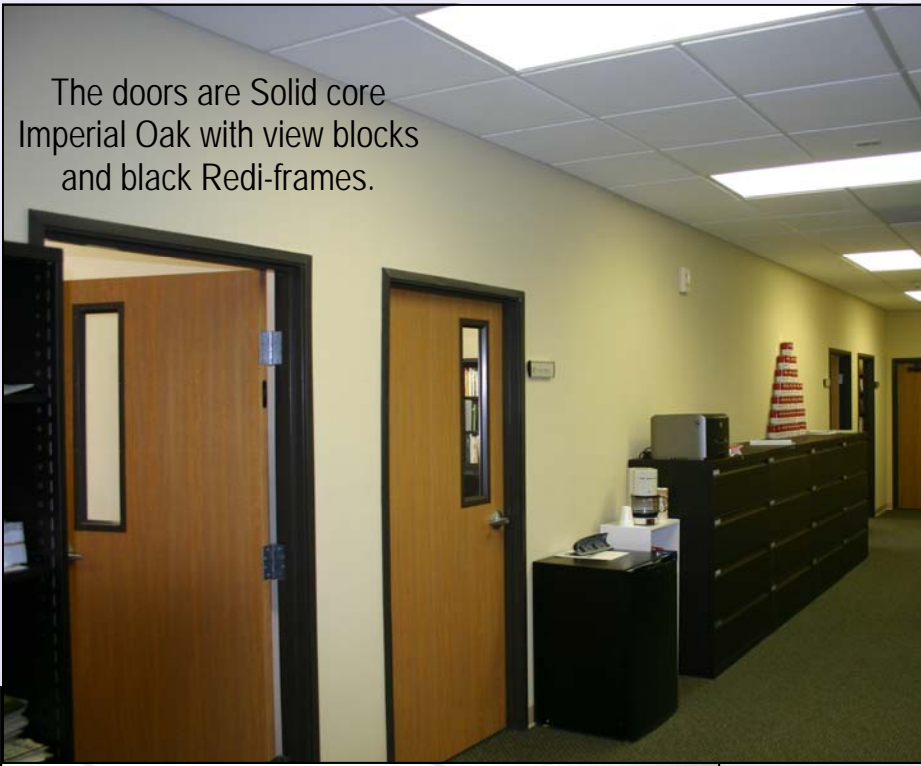

The interior of this building was painted by the factory with carpeting installed onsite. The ceiling is recessed reveal edge T-Grid with additional can lighting on dimmer switches in the conference room.

The doors are Solid core Imperial Oak with view blocks and black Redi-frames.
