Dear Ms Ward:

I would like to take this opportunity to extend my appreciation for the excellent services provided by Mr. Gary Cain. He assisted us in designing, leasing and setting up our modular classroom/offices for our School of Radiologic Technology.

From the time of our first contact until completion, he kept us informed on the progress of our building and fully cooperated on all changes and modifications. His patience and expertise were greatly appreciated.

We are very proud of our facility and would highly recommend your company to anyone who is in the market for a quality, affordable modular office or classroom.

Sincerely,

Paul H. Lirtlefield, Ed.S., F.T.(R)(ARRT)
Program Director
